Ground One:

Petitioner's Life Is in Imminent Danger

Supporting Facts:

Petitioner Has "Excessive Anxiety", PTSD, TBI, Suicidal Ideation, Untreated Head Concussions, Dislocated Vertebrae, Deafness in One Ear, Blurred Vision, Damaged Knee, Teeth, and Maxillary, is in constant pain, shaking uncontrollably, and he needs a wheel chair, due to repeated assaults in CCDOC, to the lack of medical care, and constant denial of his Due Process rights. In order to stay alive, petitioner needs urgent and appropriate medical and neurological care (see Att. III). Petitioner was 21 years old, a senior student at DePaul, when, on 6/14/2012, he was arrested, illegally (see attachment I), for, allegedly, having texted, between 6/06 and 6/10/2012, a girl who, unknowingly, placed a Temporary No Contact Order against him, on 6/11/2012. Cook County jail refused to allow him his medication, petitioner suffered a seizure and was physically injured. His family bonded him out, he was treated, and returned to his senior classes at DePaul. In revenge for having resumed his life and career, the malicious prosecution worked with petitioner's defense attorney, who had access to petitioner's DePaul records, with officers from DePaul police campus, with DePaul professor whose husband is a police officer at Orland Park, and with the victim, harassing petitioner, especially after petitioner responded to their slandering allegations by sending to his defense attorney (unaware of the conspiracy) proofs of the victim's plagiarism off petitioner's papers, and naked or semi naked pictures of herself that the victim had texted him. Approximately two days before the Vice President of Students' Affairs' meeting where petitioner was going to present proofs of the victim misconduct, Petitioner was re-arrested for some taken out of context, Craigslist postings. The revengeful prosecution declared petitioner, "a danger to society" and, because "she got mad" (defense attorney's and the sheriff's words) at petitioner's mother who called the DA office to inform them that the petitioner is mentally ill, she sent petitioner to the Maximum Security CCDOC, with felons of type X and XI felonies, who did not believe that petitioner "just wrote" to a victim, but they sought to harm him because they thought he is lying about his felony, which was VSP. In addition to the dangers of being killed, petitioner was, again, denied his needed medications for 22 days, and, when petitioner's mother explained to the sergeant, on 11/04/2012, that petitioner became symptomatic and suicidal, the sergeant, who worked together with those who conspired to kill the petitioner, transferred petitioner to the Criminally Insane ward, placing petitioner in a cell with a gang member who was going to shank the petitioner. Since the petitioner kept begging to be protected from being killed, the following day, the same Orland Park police detectives who sent petitioner to jail in June, 2012, re-arrested petitioner, on 11/06/2012, transported him with the Top Crime Suburban squad to their police station, where they tortured and interrogated the petitioner, who, due to the lack of medication was already psychotic, and charged petitioner with more double jeopardy cyberstalking charges (having caused distress and having cause fear). Together with the revengeful prosecution, and her friends, petitioner was arraigned, on 12/20/2012, for other cyberstalking charges of June, 2012. Petitioner was returned, by the Orland Park office, to the Criminally Insane ward, where his cellmate was waiting "to kill" him, since he has been informed that petitioner was taken out to "rat" on him. The following day, on 11/10/2012, petitioner was assaulted and sexually molested by this cellmate. Petitioner was completely unable to defend himself, due to 4mg Clonapin that he just started to be prescribed. Despite petitioner's desperate cries for help, the attacker banged petitioner's head on the floor for 20 minutes, bit his neck (to separate his head from his

body), and sexually molested petitioner. Petitioner suffered head concussions, TBI, PTSD, he was not able to open his mouth for three days, and, even after four weeks (defense attorney advised petitioner's mother to not visit him sooner, due to possible nervous break down), when she visited him, petitioner's mother was unable to recognize her son's facial features. Extremely traumatized, and following defense counsel's inefficient legal advise, petitioner pleaded guilty to criminal charges of cyberstalking, in order to access medical help, but he revoked his guilty plea three weeks later, when he was advised by a pro bono lawyer of the inefficiency of his defense attorney's counsel, who, in addition to the fees his mother paid him, took petitioner's bond money, without informing petitioner's mother, and after three court appearance, deserted him. On 10/17/2013, petitioner filed a Civil Complaint for violation of his civil rights by the Orland Park police and by the Cook County Jail. Immediately after, the Orland Park police, who had routed the victim's phone to their police station, the victim, and their friends, started an intense campaign "to get" the petitioner and to "get the mother" of the petitioner, also. Numerous postings, and enticing ("when I saw you in Court...", "call me without hesitation", "it was not me who hurt you, but someone snooped through my things", "I love you and I miss you so much", etc. - e-mails and social media postings from the victim (and/or her friends, impersonating her) ensued. After 15 months of painful avoidance, petitioner responded with love poems and postings in Facebook. He was immediately re-arrested by the CPD, due to a "detective alert" placed by the Orland Park police, and kept without medication, for four days in the basement of our CPD District 22. Although petitioner's mother, immediately after his arrest, on 5/06, turned in the petitioner's medications, explaining to the CPD officers that petitioner needs his medication to survive, they refused to medicate him, and, on 5/09/2014, in the Bond Court, when prosecutor was reading three more cyberstalking charges against him, petitioner, who was symptomatically sick, said, "No, no, no", and was left-for-dead, by being hit in the head, face (broken nose), handcuffed and dragged-in front of the entire Court -, then, in the Bond Court back hallway, he was beaten-to-be-killed, by being kicked in the face, head, back, and groin, by four sheriffs, who kicked petitioner in the head, face, back and groin, spitting swearing and threatening to kill him, while six officers watched. Petitioner was left unconscious, in blunt trauma, not breathing and had to be resuscitated twice (while the police refused to allow the ER doctors to unshackle, free the handcuffs and the body guard attached to his body) shackled, at the Mount Sinai ER Hospital. Two police officers posted in front of his hospital room denied petitioner to contact his family "for 48 days" because, they said, "you don't want them to see you like this". Due to the extreme hate against him ("they just hate Michael") and to the concealment of conspiracy to turn him into a felon, for 419 days still in CCDOC, petitioner continues to be denied his due process jury trial, and his urgently needed treatment for the extensive neurological damage that he suffered during his 5/09/2014 Bond Court assault (see attachments II and III).

Ground Two :

Petitioner was told and had to promise that he will not hold anyone responsible if he will be killed, due to his filing a civil complaint for his 5/09/2014 assault in the Bond Court.

Supporting Facts:

For more than one year of incarceration, petitioner was not allowed at least x-rays for his head concussions. He was told that there are no records to show that he was ever assaulted.

Petitioner is constantly threatened, hurt, provoked-to-react by some Cook County guards – who allied with the sheriffs who left petitioner for dead, on 5/09/2014 Bond Court assault -, and who continue to place petitioner in Maximum Security solitary confinement (August, 2014, May 2015) with “killers” cellmates, in 23 hrs. confinement, with dark muddy water to drink, feces on the floor, thus continuing to damage petitioner’s physical, mental, and neurological condition.

Ground Three:

Excessive/Oppressive Bond Endangers Petitioner by Raising Inmates’ and Guards’ Suspicions of Petitioner’s Criminality, and Prevents Petitioner From His Needed Medical Treatment, Due Process Rights, and from Being Allowed to Therapy, Social Work and Employment Services, While in Cook County Jail (Four No Bond Charges, and two charges of over \$1,350,000 Bond

Supporting Facts:

Petitioner was charged with “color of law” crimes and with frivolous charges (based on an unconstitutional Probable Cause of having stated, to the victim, “I don’t just want to have sex with you, I want to have a relationship with you”) which have never been proved, beyond a reasonable doubt, to have caused any harm, and any discomfort or fear in the victim, Petitioner has been continuously unconstitutionally entrapped for his love and for his writing (petitioner is a published writer, and, even in jail, using the inside of a pen, not being allowed a pen in jail, petitioner wrote four novels, over 750 pages each, and one volume of poems and rap lyrics, by interviewing inmates, writing their life stories as if it would be his own), Considering also that the charges have been built on one another, that the initial charges have been pressed by others than the victim, that, beside the entrapping social media postings, the victim sent petitioner over 111 messages, but she was told by Professor Marshall (whose husband works for Orland Park Police) to claim that she does not know the petitioner, after she asked him to delete all her messages, and that she claimed petitioner caused her discomfort and fear only when petitioner was about to expose her plagiarism, that the victim stated, in a text message to their common friends, “Michael did not do anything to me, girl, I just wanted to see his ass rot in jail”, also considering the consistent rejection on the part of the State Fifth Circuit Bridgeview Court, of petitioner’s post-conviction revocation of his guilty plea and constant denial of petitioner’s appeals – petitioner begs Your Honor’s attention to his claim of Oppressive Bond.

Ground Four:

Inefficient Defense Counsel/ Constant Rejection of Petitioner’s Post Conviction Revocation of Guilty Plea, also of Petitioner’s Appeals to the Appeal Court, Barred by the Same District Court

Supporting Facts:

Petitioner and his Legal Guardian realized that he had been pushed into a wrongful conviction when a pro-bono lawyer explained to them why his inefficient defense counsel appeared in Court only twice and disappeared, after having forced petitioner into a wrongful conviction. The Circuit Court granted the defense counsel the petitioner’s bond money, while the petitioner’s mother, who borrowed the money, was never informed. Petitioner and his mother constantly appealed the wrongful conviction, but they have been constantly rebuked/barred from appealing, they have been constantly threatened and had suffered revengeful acts taken against them, while their desperate requests for appeal have been ignored by the same Circuit Court.

Constant hate and blunt Disability Discrimination permeated the entire process of petitioner's color of crime continuously built on each other, charges. The prosecution, family friend of the Board of Education lawyer who lost the FMLA case petitioner's mother brought, in 2012, when Honorable Judge A. St Ives rejected the Board's Summary Judgment(two days before petitioner was arrested the first time). In response to the allegation that "O'Connor did not need FMLA to treat her alcoholic 18 years old son", Honorable Judge St Ives stated that "Michael is primarily Bipolar". After continually stressing, degradingly, that petitioner is "an addict", but, illogically, denying him the treatment he needed, the prosecution and the Court constantly refused to accept that the petitioner is mentally ill, and punished petitioner repeatedly for his and his family's asking for his needed psychiatric medications, entrapping him wantonly and continuously, to be assaulted to be killed, by not medicating, over medicating, and/or mis - medicating him, while continuing to build criminal charges that have never been proved, to oppress the petitioner and his family. Even after five jail psychiatrists confirmed the petitioner's diagnostic, on November 21,2012, the prosecution and the Court denied the reduction of petitioner's bond and humiliated the petitioner's doctor who took the stand to explain that the petitioner might lack social graces, at times, but his trespass is never more than "just verbalizations". On May 21, 2013, the same District Court stated that the petitioner is not mentally ill, "he is just fooling all of us", and increased the petitioner's bond to the point that his exhausted family and community were not able to pay to release him anymore.

More Supporting Facts, In Support of the Previously Mentioned Grounds:

Michael is accused for being in love, being mentally ill, and for being a writer.

The following are only some of the District Court's errors in regard to Michael's case:

- The refusal of the defense lawyers to file a motion for Michael's Jury Trial; "They will be so mad at me if I file motion for trial" (Mr. Shay Allen's words, referring to Judge John Hynes and to the Prosecutors Coakley and Lawler).

- Charging Michael with having sent me to the victim's house on August 8th, 2012: on June 14th, 2012, when Michael was detained by the Orland Park police and sent to jail, Michael's lawyer, Mr. Needham, gave me the address of the victim, so I could find out from the source what did Michael do and what happened to him. I was told then, by the victim's father, "If he (Michael) is crazy, he might do something to my daughter".

Because the girl was not at home, but visiting with her boyfriend, I wrote her a letter apologizing on Michael's behalf for anything inappropriate that Michael might have said, and explained to her that Michael is Bipolar. Michael did not have anything to do with my visit or letter writing and, in my judgment, this is the human way to interact with one another, instead of involving state actors who would use excessive force to harm and destroy ours and our childrens' lives.

- Michael's neuropsychologist doctor, Dr. T. Finn, took the stand on November 21st, 2012 (see attachment VIII), to explain to the District Court that Michael is not a danger to society, and that he has never been such, but, in his case, the Bipolar Disorder manifests itself, during his episodes, "through verbalizations" ("It affects his social graces", said Mr Allen, his defense attorney). She was met with malicious comments from the prosecutor and from the Court, who asked her to guarantee that Michael will never act out more than

verbalizing, in the future. Before Dr. Finn had time to answer, they already concluded that Michael should be kept in jail as a potential danger.

- The conspiracy to keep Michael “locked up” as “a danger to society” is, also, exposed by the Note to Judge Sheila McGinnis from the Prosecutor Lawler (attachment IX) in which the prosecutor is asking Honorable Judge McGinnis to keep the same number for the No Contact Order, but to allow them to raise it to a criminal level, which Honorable Judge McGinnis never did, since, she stated, the victim is not going to get a Criminal Order, because they never had physical interaction, they were not in a dating or domestic relationship.
- In the Civil No Contact order that Judge McGinnis issued, she specifically mentioned that Michael is allowed to go to DePaul and that she encouraged him to continue his studies and to graduate, but to “just stay away from this girl”, advice which Michael followed, since he never made direct contact with the victim, as, erroneously the District Court suggests and the girl reporting that Michael was on the DePaul campus in April 2014, although she never saw him (see attachment IX).
- During the same Court hearing, on 6/22/2014, the victim perjured herself, by answering to Mr. Allen that Michael never abused her physically, or exploited her, etc., contrary to what she marked on her request for the No Contact order. She also stated that she does not have a Facebook account, but her friends told her about Michael’s love poems posted for her in April/May, 2014. She also stated that Michel never contacted her directly, but it is only the Facebook posting and Michael’s two letters from jail (which were sent by someone other than Michael) that disturb her. The victim stated that she never posted nor contacted Michael since the issuance of the No Contact order, which is not true, since she

e-mailed and posted multiple times, starting with e-mails that I saw, on Michael's screen, on 7/24/2012, at approximately 6:00 PM, ("When I saw you in Court, I was f..ed hard core by my bf"), telling Michael that she loves and misses him, that it was not her who reported to the police, but "someone snooped through" her things, urging Michael to call her "without hesitation". These postings and e-mail messages intensified after Michael and I filed a Civil Complaint against the Orland Park police for violating Michael's civil rights, which show that others than the victim pressed charges, revengefully, against Michael, and exposes the conspiracy and the entrapment Michael has been subjected to, especially after 10/8/2013 (see attachment X). Even if Michael was accused of having violated his Probation, by posting "thousands of threatening postings in Facebook" (Prosecutor B. O'Brien's words in the Honorable Judge Higgins' Court), and two letters from jail, which were sent by someone else than Michael, Judge McGinnis refused to punish Michael even with a misdemeanor, for the assumed trespassing of the No Contact order.

- The prosecutor's assertions were false, since Michael never threatened the victim, he never wrote any insulting or fighting word to her nor to her father, the Chicago Police Department could not find anything but "worthless materials" in Michael's and our confiscated computers (see attachment XI), and, when Honorable Judge Higgins asked the same prosecutor, what had Michael said that was threatening, the Prosecutor O'Brien answered, "... that he loves her and that he wants to marry her", to which Judge Higgins said she does not find that threatening, she DOES NOT FIND MICHAEL TO BE A DANGER, and that MICHAEL SHOULD BE RELEASED FROM JAIL. Honorable Judge Higgins also, rebuked the CCDOC psychiatric Mental Health Evaluation of Michael, by

stating that, in the light of Michael having written to the victim from jail, she finds Michael to be much more seriously ill than what the jail psychiatrist said, i.e. that Michael could stand for trial, if medicated, and that he could defend himself if he chooses to do so. Michael's Public Defender, Mr. Ryan Carlsen, told Michael that he was going to ask for the verdict of "Not Guilty by Reason of Insanity", but Mr. Carlsen took four more months of continuances; until, according to another lawyer, Mr. Brandstrader, Judge Higgins "was pushed into " an early retirement.

- We are back to square one again, since Michael's new Judge, the Honorable Erica Reddick, had not been informed about any of the precedent evaluations or Court Dispositions, and she had to continue Michael's case three more times, for a "Mental Health evaluation". Michael's court file at the Leighton criminal courts is almost empty, and documents like a letter of Michael's TASC therapist, Julia (which shed light on Michael's innocence), Julia having sent Michael by ambulance to Northwestern Hospital a week before Michael was accused of having posted in Facebook). Two Mental Health evaluations of Michael performed by Dr. Finn are missing, even though the second set of Evaluations were taken by a sheriff from Doctor Finn's office, to be brought to Court, in March, 2014. In the case of Michael's Bridgeview Court file, the clerk Sandy does not allow me to even see it, because she said that Judge Hynes ordered her to not allow me to see it, or to ask the clerk for Court transcripts which I intended to send to the Appeal's Court.

Honorable John Hynes,
Associate Judge of the Circuit Court of Cook County District 5
10220 S. 76th Ave.
Bridgeview, Illinois 60455

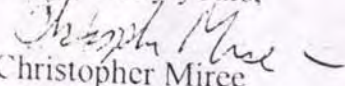

Dear Judge Hynes,

I am writing to you in support of my friend and DePaul colleague, Michael W. O'Connor. I met Michael when he was a freshman at DePaul and my roommate in the dormitory. I found him to be a hardworking, bright, friendly guy, who has a natural talent for writing and is highly intelligent. By the time he graduated from Mount Carmel High School, he wrote and published excellent articles and research papers in the Caravan (Mount Carmel High School's newsletter), was an accomplished wrestler and boxer who won many gold and silver medals in the HS and Bourbon Street competitions, made the Honor Roll every year at MCHS, interviewed Mayor Daley while writing for the Caravan, and attended University of Indiana Summer High School Journalism sessions, obtaining many excellent letters from his Journalism professor. Mike continued writing poetry in college and a trilogy (Manifest Destiny), also excelling in many of his DePaul classes and campus activities.

Unfortunately, he is suffering with Mixed Bipolar Disorder. At a certain time, Michael's clinician, Ms. Elisabeth Sullivan, asked me to be a Personal Assistant for Mike. Although Michael is compliant with taking his medications, due to his ADHD, sometimes he literally forgets and might skip a dose - which might cause him to sometimes speak or interact in a socially inappropriate manner. Despite this deficiency, through his good heart, Mike has made a great impact on me.

I appeal to your compassion, your Honor, to please give my friend Michael a chance to graduate from the school he loves, and allow Mike to move on with his career, since I am convinced that once he is stable on his medications, Mike could become one of our greatest American writers. Through his kindness of heart and natural writing talent, Michael can help our society develop cultural sensitivity not only to other cultures, but especially to the compassion and emotional needs of the mentally ill.

Respectfully yours,

Christopher Miree

Re: Michael O'Connor

To Whom it May Concern:

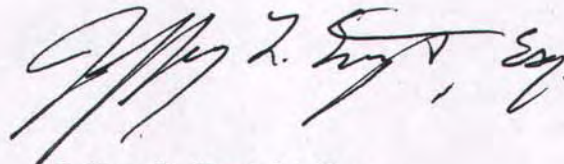

As a teacher at Mount Carmel High School, I have had the pleasure of knowing Michael O'Connor for over a year. He is a tremendous student and an asset to our school. I would like to take this opportunity to recommend Michael for your institution.

I feel confident that he will continue to succeed in his studies. Michael is a dedicated student and thus far his grades have been exemplary. In class, he has proven to be a take-charge person who is able to successfully develop plans and implement them. I require the students in my AP U.S. History class to take charge in their own education. Michael is a self-motivated student who consistently earned high scores in my class.

Michael is also currently taking my Introduction to Law class, and has demonstrated his abilities in oratory and critical thinking to a high degree. Michael is able to quickly identify a legal problem and then resolve it.

It is for these reasons that I offer high recommendations for Michael without reservation. His drive and abilities will truly be an asset to your establishment. If you have any questions regarding this recommendation, please do not hesitate to contact me.

Sincerely,

Jeffrey L. Enright, Esq.

To Whom It May Concern:

I am writing today on behalf of Michael O'Connor who is right now in jail accused of 9 different criminal charges. I was Michael's professor and mentor at DePaul University. I know that Michael has been dealing with bi-polar depression and the use of drugs. For what I know of Michael, I don't think he is dangerous to our society. The long four months he has been in jail, I am sure, have been a hardship experience for him to learn not to get in trouble in the future. From my conversation with him last week, I know where his spirit is in terms of making a new life, dreaming, and correcting his own mistakes.

I ask that you consider not just the accusations of today but the circumstances of his life that brought him to where he was and is. I ask you to give him a new chance and to get the professional help he needs to overcome the challenges of his life.

Thank you for your time and attention.

RE: Michael W. O'Connor

Dear Your Honor:

I am Michael's Neuropsychologist and I worked with Dr. Gohkale, his psychiatrist. We have treated Michael since 2008 for his Bipolar Psychosis, O.C.D., A.D.H.D., and anxiety. A neuropsychological evaluation has not been done since Michael's 05-9-2014 assault by the sheriffs in Judge Sullivan's Bond Court. This assault resulted, among other injuries, in multiple head concussions, which have not been properly diagnosed, nor treated, for more than one year (see attached Mt. Sinai Hospital's ER doctors' statement). Due to lack of treatment for his serious, potentially fatal head injuries, among other injuries, Michael suffered extensive neurological damage to his brain. (See Michael's recent statements)

Due to the lack of treatment after these assaults (traumatic brain injury, post-traumatic stress disorder, and extreme anxiety), Michael is in immediate need of psychiatric/medical intervention and treatment.

We recommend immediate psychiatric and medical treatment due to the multiplicity of Michael's disabling physical, cognitive, and mental conditions.

Sincerely,

Terry Finn

Mike just called and asked me to send an urgent message to his lawyer, Rebecca. I took dictation over the phone:

"Rebecca, what are we going to do about the media? Mike needs to talk with you, today".

Then he switched to the first person:

"I am scared. I need help today. I am afraid that my brain is going to shut down my body. In April, I started having hammer pounding-like headaches. They gave me Tylenol, but the Tylenol does not help: the headaches got worse and worse. From the moment I get up, to the moment I fall asleep, I feel like I'm going to fall over, about 30 times/day.

"I am lightheaded all the time. like my brain is shutting down my body. I found myself on the floor a couple of times due to blacking out. I twitch a lot, uncontrollably, and, lately, because of my twitching, I can barely write."

(N.B., I, Valentina, can vouch for this, also, because, the last two times I saw Michael, when he was in the Hole, I thought that he must be very cold, he was shaking violently, I was afraid to even ask him, it was so strange that he could not stop shaking. He, also, did stop writing exactly two weeks ago.)

Michael continued:

"I twitch a lot uncontrollably, I see bright lights and I hear loud ringing. When I try reading, I get cramps in my brain and become nauseated.

"I can't keep standing in crowded bullpens, it's torture. My vision is impaired and my migraines are so bad that I hallucinate - visual and auditory hallucinations. Due to migraines, my speech is impaired. I have trouble enunciating.

"I am scared for my life. I think that I am going to die soon because of my untreated head concussions, that my brain is going to shut down my body. I need braces and need treatment for my concussions.

"Please ask the Judge to put me on GPS, so I could get treatment. I am not a flight risk and I am not a violent criminal."

10 DIRECT EXAMINATION

11 BY

12 MR. ALLEN:

13 Q Please state your name?

14 A Therese, T-h-e-r-e-s-e, Finn, F-i-n-n.

15 Q And what is your profession?

16 A Clinical psychologist.

17 Q Okay. And where did you go to college?

18 A College? I went to University of Illinois
19 at Chicago.

20 Q Okay. And where did you go after that?

21 A I went to Northeastern Illinois University
22 to get a Master's in Special Education. Then I
23 went to Loyola University for a Doctorate in
24 Clinical Psychology.

1 Q Um, since you -- after receiving your
2 Doctorate in Clinical Psychology, where did -- where
3 did you work after that?

4 A I worked at a hospital on the south side,
5 Holy Cross Hospital as a neuro psychologist working
6 with traumatic brain injuries and depression cases.
7 Also, worked in the Chicago Public Schools as a
8 neuro psychologist doing a lot of the trauma
9 victims, beatings, gunshots, for about 25 years.
10 And private practice since about 1989 with special
11 ed children, attention problems, depression.
12 Special population in clinical problems.

13 Q And, uh, so about how many years of
14 experience do you have in your field?

15 A Probably 32. Thirty-two years.

16 Q And what, in particular, would you consider
17 your specialty?

18 A Probably neuro psychology.

19 Q Okay. And what exactly is neuro psychology?

20 A It's the brain behavior relationship, and
21 it's usually brought on by trauma or illness.

22 Q All right. Um, have you had the opportunity
23 to meet with Mr. Michael O'Connor?

24 A Yes.

1 Q Okay. And when did you start -- when did
2 you first meet Michael O'Connor?

3 A July 24th, 2012.

4 Q And after July 24th, 2012, how many times
5 have you -- about how many times have you met with
6 Mr. O'Connor?

7 A Four.

8 Q Now, as part of your treatment in dealing
9 with Mr. O'Connor, did you also have an opportunity
10 to speak to his psychiatrist?

11 A Yes.

12 Q And is his psychiatrist a Dr. Sudhir, which
13 is S-u-d-h-i-r, Gohkale, which is G-o-k-h-a-l-e
14 (sic).

15 A Actually it's G O H K A L E. He's hard
16 to --

17 Q Oh, okay.

18 A Yeah. Yes, I did. He referred Michael to
19 me. He had been seeing Michael, I think, since
20 about 2010, and diagnosed him with bipolar
21 disorder, attention deficit disorder, anxiety, and
22 depression.

23 Q Now, in -- in your, um, dealings with
24 Michael, what have you been able to ascertain in

1 regards to his danger to society?

2 A I don't believe he's a danger to society.

3 Q And why is that?

4 A Um, because he is more depressed, and he's
5 more suicidal ideation. More a danger to himself.

6 Q But not to others?

7 A No.

8 Q All right. Now, um, in regards to coming to
9 that conclusion in regards to his danger to others,
10 did you also have an opportunity to speak to his
11 psychiatrist about his danger to others?

12 A Yes, I talked to Dr. Gohkale November
13 16th, 2012, and because he had known Michael longer
14 than I have, and I asked him that question, and he
15 said -- he also agrees that he is not a danger to
16 himself (sic).

17 MS. COAKLEY: I'm going to object to hearsay.

18 THE COURT: Well, it won't be offered for the
19 truth, just it's something she took into account.

20 MS. COAKLEY: That's fine, Judge.

21 THE COURT: All right, go ahead.

22 BY MR. ALLEN:

23 Q Now, um, Doctor, as part of your -- your
24 treatment of Michael, you're also able to analyze and

1 look at what medications he's prescribed for his
2 illness?

3 A Yes. I am not an M.D., but I do have to
4 know -- have knowledge of psycho pharmacology for
5 various disorders.

6 Q And from that, you've had the opportunity to
7 review Dr. Gohkale's notes in regards to the
8 medications that Michael has been receiving?

9 A Yes.

10 Q Do you remember what those medications
11 include?

12 A Yes. Depakote, D-e-p-a-c -- c-o-t-e --
13 k-o-t-e. Adderall, A-d-d-e-r-a-l-l. Vyvance,
14 V-y-v-a-n-c-e. Zyprexa, Z-y-p-r-e-x-a. And I
15 believe Zoloft, Z-o-l -- Z-o-l-o-f-t. Sorry.

16 Q Which of those medications are particulars
17 for the bipolar, and which are for the ADHD?

18 A The Depakote is for bipolar, and the ADHD
19 is Vyvance and Adderall.

20 Q And the Depakote for the bipolar, what
21 exactly does that medication do?

22 A It, um, evens out the chemicals in the
23 brain so that he -- that, in other words, with
24 bipolar there's ups and downs, more agitation

1 and then with depression, so it -- it tries to even
2 out the brain chemistry.

3 Q And the medication for the ADHD, there were
4 two. What do those do in particular?

5 A What do they do?

6 Q Yes.

7 A They help him with focus and conversation.
8 And, um, also, if he's in school, he's in DePaul
9 University, and, um, for learning and lectures it
10 also helps with processing verbal and auditory
11 information.

12 Q Now, um, in dealing with Michael, have --
13 have you also had the opportunity to review the
14 medications he's been receiving since he's been in
15 custody?

16 A Yes.

17 Q And do you remember what those medications
18 are?

19 A No, I don't. There were two, I don't --
20 I'm sorry, I do not.

21 Q Okay. Uh --

22 A One was unfamiliar to me. So. I can't
23 remember.

24 Q Is your memory exhausted as to what

1 medications Michael has been taking since he's been
2 in custody? Do you remember?

3 A No, I don't, I forgot, I'm sorry.

4 Q Okay. Is there anything that would help you
5 remember if you saw it?

6 A Yes, the -- the hand notes that describe it.

7 Q Okay.

8 A Sorry.

9 MR. ALLEN: I'm going to show the Doctor
10 what's been marked as Defendant's Exhibit 1 for
11 refreshing her recollection, which is just the
12 Cermak -- (inaudible conversation).

13 THE COURT: Do you need a second to review
14 those?

15 MS. COAKLEY: Yeah, I'm just looking quickly,
16 Judge. This is the first time I found out there's
17 other discovery he didn't give me.

18 THE COURT: Sure.

19 Do you want to recess here?

20 MS. COAKLEY: No, that's -- that's fine,
21 Judge.

22 MR. ALLEN: May I approach, your Honor, I'm
23 sorry?

24 THE COURT: Go ahead.

IN THE CIRCUIT COURT OF COOK COUNTY
CRIMINAL DIVISION

PEOPLE OF THE STATE OF ILLINOIS,

Plaintiff,

vs.

MICHAEL W. O'CONNOR

Defendant.

No: V0015

MOTION TO REDUCE BOND

NOW COMES the Defendant, **MICHAEL W. O'CONNOR**, by and through his attorney, Lee & Fairman LLP and pursuant to 725 ILCS 5/110.6 moves this Honorable Court to reduce his bond.

In support of said motion the defendant asserts the following:

1. He is 22 years of age.
2. That he has resided in the Chicago-land area his entire life.
3. He is a graduate of Mount Carmel High School. While at Mount Carmel he was enrolled in Honors and Advanced Placement courses.
4. That he currently resides in Chicago, Illinois.
5. He is a Senior at DePaul University where he has 140.5 credits. 192 credits are needed to graduate and with his course load he was scheduled to graduate in 2013. His major is Communications with a concentration in Media Cinema Literacy.
6. He has written a novel Manifest Destiny which is part one of a three part trilogy-Foundation Sunrise. He has been contacted by publishers for the rights to this book.
7. He has no prior felony convictions and one misdemeanor arrest that was scheduled to be dismissed by the State before this arrest.
8. That the current bond is set at \$300,000D and is quite oppressive for a Class 4 felony.
9. The evidence the State has presented to the court to obtain this bond does not give a complete picture as many of the text messages and emails sent by Patrycja Wlosik to Michael O'Connor have not been presented.
10. Without being out of custody Mr. O'Connor cannot effectively assist in his defense.
11. Mr. O'Connor cannot effectively assist in his defense in custody because we will need to search his email accounts and text messages to help obtain evidence.
12. In addition Mr. O'Connor cannot effectively assist in his defense because he is not being properly medicated in Cook County Jail.

13. Mr. O'Connor has been diagnosed from the age of 14 with Mixed Bi-Polar disorder and ADHD. Over the years his mental health professionals have crafted a particular combination of medications for Mr. O'Connor's chemical composition that allow him be a productive member of society.
14. Cook County Department of Corrections does ^{not} have the resources to properly care for Mr. O'Connor's mental health or his physical well being for matter.
15. Mr. O'Connor was severely beaten by a fellow inmate and in turn Mr. O'Connor has become quite fearful and paranoid.
16. The statute violations Mr. O'Connor's First Amendment rights to freedom of speech. As there have no violent actions taken at all in this matter towards Ms. Wlosik.
17. That the Defendant does not pose a flight risk due to the fact that he has strong ties to the community.
18. The current bond is not considerate of the financial ability of the accused, in that he is a student.

WHEREFORE Defendant prays this honorable Court reduce his bond or other relief that this Court deems equitable and just.

had issued, on behalf of the girl, is the one Judge Hynes and the Orland Park Township, in Judge McGuinee's Court referred to, but: when I asked Michael about it, he told me that he hid that order, and the Sheriff who delivered that Order knew, or should have known, that Michael is mentally disabled, since Michael did tell him, when he came to our door, with that Order, that he is Bipolar and that I am his legal guardian. Also, when I called Attorney Tom Niedham's office for help for my son being interrogated by the Orland Park Police, on June 15, Mr. Niedham wrote a letter to the Orland Park Police, explaining to them that Michael is chronically mentally ill and giving them a list of the psychotropic medications that Michael takes - see attached). The orland park Police and the Sheriff who delivered that Temporary order of protection, should have known that Michael, being mentally ill and living at home, Michael's parents needed to be informed, that Michael needed a Law Guardian and that I, as I introduced myself to the Orland Park Police several times, to the Orland Park Mayor McLaughlin, their Township manager, Mr. Grim, etc, on 6/15/2012 and afterwards, I am Michael's Legal Guardian. I searched and found out that the temporary order was issued on 6/11/2012, and Michael stopped talking with the girl on 6/10/2012, which, again, invalidates the Orland Park police' charge that Michael(or myself for that matter) violated their order. I communicated this to Mr Dalkin, but, even the fact that he brings it up again, shows that he did not even care to listen to what I said, and I believe it creates legal grounds for me to ask for legal protection against the Human Rights, civil rights, disability rights abuses committed by Orland Park police, by a neglectful, adverse defense lawyer(Mr. Dalkin), and by an abusive Court of Law that threatens me with jail for a legal misconduct that, like my son, I had no idea about, nor did I ever committed.

In response to Mr. Dalkin's letter of response(his third paragraph): Mr. Dalkin, who, instead of filing a motion for trial and collecting discoveries, asked my son to sign a Permission form for Mr. Dalkin to review Michael's "good standing" at DePaul, his grades, his extra-curricular achievements, published material, etc.(which Mr Dalkin explained to my son and to me, is in order for him to persuade the Judge that Michael is a meritory student), Mr. Dalkin, as he states in his response to your inquiry, "sent a subpoena to DePaul University Student Affairs to secure a copy of Michael O'Connor's disciplinary file". I know that if you would ask him this question, he would, most probably, lie to you too, and say that it was only to show the Judge that Michael has no discipline issues. Once again, Mr. Dalkin should be paid for this by those he worked for, since securing a copy of my son's disciplinary file(which I demand to be returned immediately to us, since it was obtained on deceptive basis), and which I am sure does not contain incriminations of my son, otherwise I would have heard them in Court-, does not seem to serve my son's defense, but to do the job of Mr. Dalkin's personal friend, Prosecutor Lowler.

On September 13, Mr. Dalkin claims that he returned to Court where he "was tendered additional discovery by Assistant State Attorney Deborah Lowler". Mr. Dalkin never mentioned this to me and now, that he stated it, my suspicion that he worked with the Prosecutor, being influential in arresting and jailing my son for over 165 days, without a trial, in Maximum Security, where my son was beaten almost to death, my suspicion that the entire summer, instead of working on my son's defense, at least answering my son's and my desperate phone messages, he was busy providing the Prosecutor with information to incriminate my son, - is strengthened. I hope that you agree that I should not have paid for hurting my own beloved son.

Between September 13 and October 29, Mr Dalkin claims that he was contacted by Ms. Lowler who informed him that she will file additional charges against my son. Mr. Dalkin never told me that until two days before my son was arrested in Bridgeview Court, in my presence, on October 18, 2012. He called me approx. on October 17, and told me that I "should bring more money" to Court, since the Judge will charge my son with more crime. I was desperate, and asked Mr. Dalkin what is this about, and if my son will be arrested again, and for what crime, and how much money should I bring, but Mr.

-3-

Dalkin did not answer my questions, except, for the first time, since I hired him to defend my son, Mr. Dalkin spoke a bit about my son's nine criminal charges now, saying that, if he would be the parent of that girl, he would have done the same (i.e. delegate the police of Orland Park/Bridgeview Court to prosecute him - please note that the girl is 20 years old), and for the first time, Mr. Dalkin, read to me some statements on a venting section of the Craig's list that my son made, leading to this new crimes charges, and as I took notes, my son, said, "the girl disappointed me - he stated the girl's name -, I wish I had never met her, from now on, I will take care of the little boy inside me and, as she is driving her new car now, with her boyfriend, I wish she would have an accident, and I think she is a ...". On October 18, 2012, Ms. Lowler, the Prosecutor friend of Mr Dalkin, only read the last part of the paragraph, i.e. the derogative word ("I think she is a ...", after which, she shouted to the Judge to have Michael "locked up", because "he is a danger to society". No one of Michael's five previous psychiatrists, not even four jail psychiatrists, nor his teachers, nor his friends, nor his friends' parents, nor his Mount Carmel High School coaches, nor his counselors, EVER called Michael a "danger to society", but Mr. Dalkin did not even respond to that. Should I pay him for his accomplice silence? He did not have to request a Behavior Clinical Exam, since I gave him multiple mental health and behavior evaluations of Michael, other lawyers informed him also about Michael's disability and treatment needs, since I paid for many treatment programs for Michael since he was ten years old. Mr Dalkin did not plead for Michael's defense, Mr Dalkin just went along with their previous plans to send Michael to jail (for over 165 days), sarcastically and in a bullying manner, stating that Michael should be "treated in jail", maybe even killed, if he does not plead guilty, or incriminate him more, since, without his meds, Michael might act out inappropriately, or if, provoked by real criminal inmates, he might end up fighting back, so that the prosecutor and Mr Dalkin would have their criminalizing of my son's mental illness, validated, and Judge Hynes would have a reason to finally sentence Michael to prison. When I was in Court with Michael, on Oct. 18, 2012, what Mr. Dalkin said, was that he wanted to find out if his client is "able to stand trial" and to understand Miranda Rights (even if Michael would have been able to understand Miranda, he would not have had a chance to, since the Orland police had Michael initial the Miranda only after they coerced Michael to sign a statement that they wrote). Judge Hynes ordered a Forensic Mental Health evaluation, that is to be done in jail. I am convinced now, that this has been arranged prior to the Oct 18, 2012, between Mr. Dalkin, and his friends, prosecutor Lowler and Judge Hynes, i.e. that they would ignore all the prior mental health evaluations of Michael, just to keep Michael in jail for a long time, and to force Michael into a wrongful conviction. Can anyone blame me for wanting my money back and/or for not being able to forget the nightmare Mr. Dalkin caused in our family and especially in my son's life? Mr. Dalkin also, asked me, on October 18, 2012, if I called the State Attorney Office, to ask them to inform Ms. Lowler that Michael has a mental disability, and I acknowledged I did (why did I have to and WHY didn't Mr Dalkin do his job?), at which Mr. Dalkin commented that Ms. Lowler "did not like this". And this is why, as my son told me, he was taken out of the prisoners's line going to regular jail, as the sheriff told him that he has to go to Maximum Security Jail, because the prosecutor "got mad" that Michael's mom called the State Attorney Office, and Michael was escorted through underground tunnels, he thought they were going to execute him, to the Max. Security Division 10. Also this must be why - since Michael refused to plead guilty, on Nov, 6, 2012, when he was taken for a day from the Max Security, by the Top Crime Suburban Squad, back to Orland Park Police, to be charged with more crimes, so as to be sent to prison by Judge Hynes, he was extremely severely beaten and almost killed (his head was twice his normal size for more than two weeks, he couldn't open his mouth for four days, his eyes' muscles and his gums permanently damaged, as this killer inmate wanted to separate Michael's head from his body, biting him on the neck and banging his head on the concrete floor for 20 minutes without the guards intervening until my son was almost dead, left with two permanent hypertensive lesions under the cortex of his Right brain lobe, permanent TBI, plus PTSD), by an inmate who was a killer and who was a ...

-4-

Please allow me to stop explaining why I think that Mr. Dalkin should return my money, since it is mostly a symbolic act, otherwise I would feel to me that I paid immoral law people to wrongfully incriminate, prosecute and fatally harm my beloved son. Also, since I am extremely scared of Mr Dalkin and his powerful friends, please do keep this response confidential: my son is still in their hands, and I am very afraid that I myself could be arrested or killed by their "arrangements", since, if I would disappear, noone would be fighting for justice for my son anymore. Please do kindly understand, maybe you are a parent also, please try to understand my fear, I am an immigrant to this country and I grew up under communism, fascinated by the human rights respect the US displays and what I lived through my son's misrepresentation by people like Mr. Dalkin not only challenges my faith in humanity or in the judicial system, but it freezes the blood in my veins. On the other hand, as you can see, by my courage to even share some evidence I collected, with you, I still hope that one day, the good people and parents of the mentally ill, many of whom I had the honor to meet, will prevail in their demand that the mentally ill be treated with dignity and humanly rather than incriminated and denied the mental health services they should be given instead of punishing them for their mental illness and making them more sick. I am a Special Education teacher and, for more than twenty years, I worked with mentally ill children in both private and public schools in this country and as you can imagine, I am a strong advocate (and very hard worker) for their rights.

Sincerely yours,
Valentina O'Connor's

N.B. Re: the phone calls/messages that my son and I, in desperation, made/left for Mr. Dalkin, it was only because he never responded, except three times, when I hired him, when he admonished me that I called, and the only time he talked with me about my son's case, was the previous day before the Oct 18 Court appearance. Even if the numbers of messages he claims we left were true (although I suspect he is greatly exaggerating), since he never used our information to file motion for trial or to defend Michael, since he did not respond to our messages, except twice, to admonish me and right before Oct 18, 2012- makes me believe that he never even listened to them. Also, regarding my son's file, he NEVER collected any discoveries nor does the file contain any evidence of Mr. Dalkin having put in any work for my son's defense (as per the lawyer to whom Mr. Dalkin claims he gave Michael's file).

REPORT OF PROCEEDINGS had at the hearing of
the above-entitled cause, before the Honorable ROSEMARY
G. HIGGINS, Judge of said court, on the 4th day of
September, A.D. 2014.

PRESENT:

HON. ANITA M. ALVAREZ,

On behalf of the Defendant.

Carolyn C. Brown, CSR No. 084-003848
Official Court Reporter - Circuit Court of Cook County
County Department - Criminal Division

1 THE CLERK: Michael O'Connor, three matters.

2 THE CLERK: He needs to be arraigned, Judge, he has
3 three cases.

4 THE SHERIFF: Coming out.

5 MS. O'BRIEN: For Assistant State's Attorney.

6 THE COURT: Mr. Allen could you state your name for the
7 record, please.

8 MR. ALLEN: Yes. It's Shay Allen. First name is
9 S-h-a-y. I'm here on behalf of Mr. Michael O'Connor,
10 who is standing to my right in open court.

11 THE COURT: As you're aware Mr. Allen, Mr. O'Connor has
12 a new matter pending before the court for today. For
13 purposes of arraignment are you filing your appearance
14 on that case?

15 MR. ALLEN: I am, your Honor.

16 THE COURT: Leave to file your appearance on that case
17 is granted. I am tendering a copy of the charging
18 document on that aggravated stalking charge --

19 MR. ALLEN: Thank you, your Honor. I acknowledge --

20 THE COURT: -- in violation of the civil liberty.

21 MS. SHEA: I acknowledge receipt of a two count
22 indictment here, waive formal reading. There will be a
23 plea of not guilty. I'll make an oral motion for
24 discovery. I'll follow it with a written motion for

1 discovery, your Honor.

2 THE COURT: Thank you. State.

3 MS. O'BRIEN: Your Honor, we are also making our motion
4 for discovery as well as asking leave to file our
5 answer for discovery. I have tendered discovery to
6 Mr. Allen today. The only matter outstanding is a
7 photocopy of a letter, once I have that retrieved from
8 ERPS, the letter, that would be at the crux of this
9 matter, and then discovery on this case will be
10 complete.

11 Additionally, your Honor, for the record,
12 this matter was a direct indictment. Mr. O'Connor
13 has yet to have a bond hearing on the new case.

14 THE COURT: Would you like to proceed with that bond
15 hearing now?

16 MS. O'BRIEN: I would, Judge.

17 THE COURT: Go ahead.

18 MS. O'BRIEN: I am today filing with the court the
19 State's petition for a hearing on denial of bail
20 pursuant to Illinois Compiled Statutes, Section 5 dash
21 110 dash 6.03. That familiar statute allows for
22 petition for discretionary no bail hearing when the
23 defendant is charged with the felony offense of
24 aggravated stalking, which is the charge alleged in the

1 new matter before the court, 14 CR 14553.

2 Judge, the State brings this petition and
3 believes that the proof is evident and the
4 presumption is great that the defendant has, in
5 fact, committed the offense of aggravated
6 stalking, in that, on or about July 17, 2014, the
7 defendant made contact with the victim. That
8 contact was in direct violation of a civil no
9 contact order under Case No. 120PS0369.

10 Additionally, it was also in direct violation
11 of the conditions of the bond in the case also
12 pending before your Honor, 14 CR 8935 and
13 14 CR 10369, in that, the defendant mailed the
14 letter to the victim at her residence. This act
15 was in furtherance of a course of conduct directed
16 at the victim, which caused the victim to suffer
17 further emotional distress and mental anguish.

18 Based on those facts, your Honor, we would
19 ask that the defendant be held no bond.

20 THE COURT: What is the evidence that the State has to
21 present that the defendant sent that letter?

22 MS. O'BRIEN: Your Honor, the letter, on the envelope
23 had as a return address the defendant's name.

24 Additionally, your Honor, the victim would testify that

1 when she opened the letter the letter was, in fact,
2 signed by the defendant Mr. O'Connor. That she's
3 received several of these letters in the past. She
4 recognized the handwriting to be that of the defendant
5 Mr. O'Connor.

6 THE COURT: What was the content of the letter?

7 MS. O'BRIEN: Your Honor, again, in this letter the
8 defendant is continuing his ongoing methods of
9 harassment, telling the victim repeatedly again that he
10 loves her, that he wants to marry her, and that he will
11 stop at nothing for these things to take place.

12 Unfortunately, Judge, as to exact quotes from the
13 letter, I can't provided those I can only provide that
14 summation that I've just given to the court as the
15 letter has been inventoried, and I do not have a copy
16 of the actual letter to give to the court.

17 THE COURT: But you will get that copy for Mr. Allen in
18 the interim.

19 MS. O'BRIEN: I will absolutely, Judge. The detective
20 has already been notified to collect that letter and
21 bring it to me.

22 THE COURT: Thank you. And would you like to be heard
23 on that, Mr. Allen, on the State's petition for denial
24 of bail.

1 MR. ALLEN: Yes, your Honor. Only that the letters,
2 there are no allegations as of yet the letter contained
3 anything directly, directly in regards to bringing harm
4 to the victim in this matter at all. The letters and
5 previous letters many of them contains poems that are
6 along the lines dealing with love but nothing in
7 regards to violence.

8 THE COURT: Well, the statute for the no bail does
9 require that there be a real and present threat to the
10 physical safety of the victim. In this case I do not
11 see that there is a real and present threat to the
12 physical safety but he's also in violation of both of
13 my bonds which was no contact which I advised you of in
14 both cases as well as the order of protection. So I
15 don't think that the State meets the requirements for
16 no bail based on the fact that he is currently
17 incarcerated on no bail in two other of the cases, and
18 he could not have actually posed a real and present
19 threat to physical safety. So no bail under the
20 statute of 5110 dash 6.3 is denied. But I will set
21 bond at 500,000 D.

22 So Mr. O'Connor, I understand that these
23 letters were sent through other people on the
24 tier, that you gave letters to other people. Now

1 don't even speak because you can't talk without
2 the harm of your saying something on the record
3 that would incriminate you. I'm just letting you
4 know that you're causing additional problems on
5 the tier, because now all the letters by all the
6 inmates, more than 400 have to be screened in case
7 you should do this again. And so all of their
8 rights to send mail are being abridged because of
9 your conduct in giving the letter to somebody else
10 to mail. That's the allegation anyway. I am
11 advising you that you are harming yourself further
12 by this conduct. In addition to seriously harming
13 the complaining witness in this matter. I am also
14 asking about the status of the expert. I am
15 ordering that the defendant be reevaluated. We
16 have received a forensic clinical services
17 evaluation indicating that you are mentally fit to
18 stand trial with medication. In light of this new
19 case I am questioning that finding, and I am
20 ordering a reevaluation of you. You must go to
21 that and participate in that violation. And then
22 I'm going to send the additional letters that you
23 have sent the victim that are the basis for the
24 new charges under 14 CR 14553, for which we've

1 just held this bond hearing. And asking them to
2 reevaluate.

3 And when do you believe that your expert's
4 evaluation report will be complete, Mr. Allen?

5 MR. ALLEN: Your Honor, I believe Dr. Henry will have
6 his evaluation done by October 21st.

7 THE COURT: Would this be Dr. Stafford Henry?

8 MR. ALLEN: Yes, your Honor.

9 THE COURT: That's great. He's a great expert. What
10 date did you say?

11 MR. ALLEN: October 21st.

12 THE COURT: Would you like that on all the cases by
13 agreement?

14 MR. ALLEN: Yes, your Honor.

15 THE COURT: And I like the haircut.

16 MS. O'BRIEN: Your Honor, on the other matter before
17 the court we are filing violations of the bailbond that
18 he was advised of no contact and he did violate that
19 contact.

20 THE COURT: File the violation of bailbond in those
21 cases are granted and those cases will be no bail.

22 MS. O'BRIEN: Thank you, your Honor. Oh, Judge, one
23 other matter. I did tender discovery to Mr. Allen
24 today. On the matters ending in 8935 and 10369, I did

1 tender all of the defendant's medical records since
2 he's been incarcerated on those two matters. I also
3 tendered --

4 THE COURT: I don't recognize either of those numbers.
5 The numbers that you've just read to me.

6 MS. O'BRIEN: 14 CR 8935.

7 THE COURT: Okay that's --

8 MS. O'BRIEN: Judge, these are the matters that were
9 pending before the court originally.

10 THE COURT: All right, no -- with regard to the
11 discovery I don't have that case number, unless there's
12 area another number here -- oh, yes. I've got
13 14-10369, okay. So just tell me which cases your
14 discovery is complete?

15 MS. O'BRIEN: Judge, discovery is not complete on any
16 of the cases yet.

17 THE COURT: All right. So what's outstanding?

18 MS. O'BRIEN: Outstanding, your Honor, on the matter
19 ending in 8935, we're still waiting for the return on
20 the items that were seized pursuant to the search
21 warrant in that case. Namely, the download of the
22 defendant's computers. On the matter ending in 10369,
23 we are still awaiting the inventories to be retrieved
24 on that matter, copies of the letter, copies of the

1 Face Book search warrant, things of that nature.

2 Additionally, your Honor, we're also waiting now on the
3 transcript from the hearing from the extension of the
4 civil no contact matter where the victim --

5 THE COURT: And that's on --

6 MS. O'BRIEN: -- had to testify. That will be relevant
7 to all three matters, I believe, considering all three
8 matters pertain to the same victim.

9 MR. O'CONNOR: I'm sorry, your Honor.

10 THE COURT: Mr. O'Connor, you don't have to apologize
11 to me, but think about what you are doing to this other
12 individual. Even if you are declaring your love and
13 what you perceive as positive feelings it's causing
14 harm to another individual, but more importantly it's
15 causing harm to you because you are violating all of my
16 orders not to do that.

17 MR. O'CONNOR: Absolutely. I'm sorry.

18 THE COURT: I don't want to see that happening.

19 MR. O'CONNOR: It won't happen again. Ever.

20 MR. ALLEN: I acknowledge receipt of discovery from the
21 State today, your Honor.

22 THE COURT: Thank you.

11 REPORT OF PROCEEDINGS had in the above-entitled
12 matter before the Honorable Sheila McGinnis, Judge of said
13 court, on the 22nd day of August, 2014, at the hour of 1:30
14 P.M.

15 PRESENT:

17

18 MS. PATRYCJA WLOSIK,
19 appeared pro se.

20 MR. SHAY ALLEN,
21 appeared on behalf of Defendant.

22

23 Elizabeth Ciszewski, OCR 084-002587 Bridgeview, Illinois
24

1 THE COURT: Mr. O'Connor, and good afternoon, counsel.

2 MR. ALLEN: Good afternoon, your Honor. Shay Allen,
3 S-h-a-y, on behalf of Mr. Michael O'Connor who stands to my
4 left in open court.

5 THE COURT: And at this point, there was a -- it looks
6 like there was a plenary order of protection entered into by
7 agreement back on July 9th of last year. It was until July
8 7th of this year, and then it has been extended to today,
9 and at this point I know the petitioner is here and she
10 would like to extend this order for a further period of
11 time, is that correct?

12 MS. WLOSIK: Yes.

13 THE COURT: And have you talked to your client about an
14 extension?

15 MR. ALLEN: I have, your Honor. He wishes to have the
16 hearing.

17 THE COURT: All right. And so and again I guess then
18 my question to you, Ms. Wlosik, prior to going forward with
19 the hearing, do you want time to bring an attorney in or do
20 you want to represent yourself? It's not a full blown
21 hearing. We've already had that. You have to present some
22 evidence as to why you need this extended.

23 MS. WLOSIK: I'll represent myself.

24 THE COURT: And then we can -- are you still waiting

1 for counsel?

2 (The matter was passed and recalled.)

3 THE CLERK: Recall Patrycja Wlosik and Michael
4 O'Connor.

5 THE COURT: And did you have anyone else, Ms. Wlosik,
6 that you are going to have testify or just yourself at this
7 point?

8 MS. WLOSIK: Just myself.

9 MR. ALLEN: I would ask the other person that is
10 standing here identify themselves as to what purpose she is
11 standing there.

12 MS. BOWS: My name is Christie Bows. I work at a
13 social service agency called Pillars. I'm an advocate.

14 THE COURT: Do you understand you have no legal
15 standing? You are not allowed to address the court. You
16 are simply here for support.

17 MS. BOWS: I understand. I'm simply here for support.

18 THE COURT: Do you have anyone else to testify?

19 MR. ALLEN: No.

20 THE COURT: Why don't we have everyone raise their
21 hands to be sworn.

22 (The parties were first duly sworn.)

23 THE COURT: And again this order was entered into
24 originally by agreement for a time period and it has been

1 extended. At this point the petitioner has made a motion
2 asking to continue the order of protection for some period
3 of time, and my first question, I guess, is, has there been
4 any violations of this order of protection since it was
5 entered?

6 MS. WLOSKI: Yes.

7 THE COURT: There have been contacts.

8 MS. WLOSIK: Yes, several. There was Facebook linked
9 in. He came looking at DePaul for me and contacted me
10 several times through letters.

11 THE COURT: When was the last time there was any
12 contact of any type?

13 MS. WLOSIK: There was a letter on our last court date
14 here, that was July 16th.

15 THE COURT: July 16th, you received a letter.

16 MS. WLOSIK: Yes.

17 THE COURT: From him. Do you have that letter here?

18 MS. WLOSIK: Yes.

19 THE COURT: Do you have other letters as well?

20 MS. WLOSIK: Yes.

21 THE COURT: How many letters have you received from
22 Mr. O'Connor while this order of protection was in place?

23 MS. WLOSIK: About maybe four.

24 THE COURT: Four letters, and, counsel, have you had a

1 chance to see those?

2 MR. ALLEN: I have.

3 THE COURT: Any objection to the court seeing them?

4 MR. ALLEN: No.

5 THE COURT: And those letters were from what dates?

6 MS. WLOSIK: May 21st, May 28th, May 26th, or May 8th,
7 and then July 16th.

8 THE COURT: And were any of those letters threatening
9 in any way?

10 MS. WLOSIK: Yes.

11 THE COURT: Threatening harm?

12 MS. WLOSIK: Threatening myself or my boyfriend.

13 THE COURT: All right. Can you bring those up, Jean?
14 And you say also that you became aware that Mr. O'Connor was
15 actually at the DePaul campus looking for you.

16 MS. WLOSIK: Yes.

17 THE COURT: When did that occur?

18 MS. WLOSIK: Beginning of May when I received the
19 messages from Facebook. I went to DePaul and I alert
20 security that this has been a problem in the past. I have
21 an order of protection and I just wanted them to have an
22 extra eye of what was going on, and they actually told me
23 that he came the day before and was looking for me.

24 THE COURT: Was that specifically asking to see you?

1 MS. WLOSIK: Yes.

2 THE COURT: Have you ever personally seen him around
3 the DePaul campus as far as you are aware?

4 MS. WLOSIK: No.

5 THE COURT: And they are signed, Michael O'Connor. And
6 again it appears that these letters were sent from
7 Mr. O'Connor from the jail and, counsel, are you contesting
8 that Mr. O'Connor sent any of these orders in violation of a
9 no contact order.

10 MR. ALLEN: Your Honor, my basis of contest for those
11 is that in a letter coming from the Cook County jail in an
12 area where he is supposed to be under constant restriction
13 and contact or monitoring, I don't understand how
14 Mr. O'Connor could be held liable for sending something in
15 which, from the Cook County jail, in which he is not
16 supposed to be able to do. Cook County Jail is aware of this
17 order of protection. Cook County Jail is aware of
18 Mr. O'Connor's mental health issues. Cook County Jail is
19 aware of who is listed on the order of protection. Why
20 would Cook County Jail allow Mr. O'Connor --

21 THE COURT: That's a separate issue. That's a separate
22 issue. And, Ms. Wlosik, have you ever seen Mr. O'Connor's
23 writing before?

24 MS. WLOSIK: Yes.

1 THE COURT: Did you recognize this to be his writing
2 and his drawings?

3 MS. WLOSIK: The drawings -- it's all a pattern of this
4 from two years ago, so I recognized it right away.

5 THE COURT: And this is alarming to you obviously.

6 MS. WLOSIK: Yes.

7 THE COURT: And counsel, do you want to have your
8 client testify or do you just want to argue? This right
9 here gives me good cause, in my opinion, to extend this
10 order to again for the maximum time of two years.

11 MR. ALLEN: I would like an opportunity to question the
12 young lady about that.

13 THE COURT: Sure.

14 PATRYCJA WLOSIK,
15 called as a witness herein, having been first duly sworn,
16 was examined and testified as follows:

17 DIRECT EXAMINATION

18 MR. ALLEN:

19 Q So you said Mr. O'Connor has come to DePaul
20 looking for you, is that correct?

21 A Yes.

22 Q Do you know what dates that was?

23 A Beginning of May.

24 Q Do you have an exact date?

1 A No.

2 Q Has it been more than once?

3 A No, just once.

4 Q One time. And that one time he allegedly came to
5 DePaul looking for you, were you on DePaul campus?

6 A Yes.

7 Q And do you remember being on DePaul campus?

8 A Yes.

9 Q Do you remember what time you found out that he
10 allegedly came looking for you?

11 A It was about 10 o'clock.

12 Q In the morning?

13 A Yes.

14 Q And you were told this through someone else?

15 A Yes, through the DePaul security.

16 Q Do you know the name of that security?

17 A No.

18 Q Do you know how many were there, one officers,
19 several or --

20 A There were two.

21 Q Two different security officers, right. And did
22 they seek you out?

23 A No. I came and made them aware of this situation
24 and they told me that he was there the day before.

1 Q So it just so happened the day -- you came one day
2 and he had just been there the day before. But you never
3 literally saw him, is that right?

4 A Correct.

5 Q And the order of protection had been in place for
6 nearly two years before that, correct?

7 A Correct.

8 Q And in those two years you had not seen him,
9 correct?

10 A Correct.

11 Q He had not called you or telephoned you?

12 A Correct.

13 Q You had not gotten any text messages from him,
14 correct?

15 A No.

16 Q And I'm not going to ask you what your number is.
17 But since the original incident of 2012, is your phone
18 number different?

19 A Yes, correct.

20 Q Now in regards to Facebook postings, are you his
21 friend on Facebook?

22 A He requested me, but I denied it.

23 Q So if you don't accept someone on Facebook, can
24 you see what they write?

1 A It was filtered into my other messages. When I
2 was checking my messages one day, I saw, other, and there
3 was a 1, in parenthesis. I saw the name Mike Jones and that
4 is how it started, and I know I don't know a Mike Jones.

5 Q So if you see someone you don't know, then you
6 look at the message?

7 A Well, I wanted to see who it was.

8 Q And after seeing one message you say of Mike
9 Jones, after that first message you saw, did that first
10 message indicate it was from Michael O'Connor?

11 A The first one didn't. It said I know of a friend.
12 He really wants to talk with you, and, you know, that was
13 just really weird for me, and I got scared, and I took
14 action to try to ignore it. But then the second one said
15 his full name and that's when I made the report.

16 Q Now with regard to the report, do you mean a
17 report to the police?

18 A Yes.

19 Q And that report was made to the Chicago Police
20 Department?

21 A Yes.

22 Q Is there any reason why the report was made to the
23 Chicago Police Department and not the Orland Park Police
24 Department?

1 A I was looking at some messages from school and it
2 happened in Chicago as well, so I just asked there, and to
3 quickly take initiative right away, and I wanted this to be
4 taken care of because I still had my order of protection and
5 I was scared to go to school.

6 Q Your allegation -- your actual petition alleged
7 that there was physical abuse. Has there ever been any
8 physical abuse?

9 A No.

10 Q It alleges that there has been an interference
11 with, excuse me, physical liberty. How does, for instance,
12 the messages on Facebook interfere with your physical
13 liberty?

14 A I'm sorry. What does physical liberty mean?

15 Q I don't know. It's on your petition. That is
16 what I'm asking you, who put that there. Interference with
17 physical liberty. Do you know what that means?

18 A No.

19 Q Did you fill out the original petition or the
20 original order of protection?

21 A I'm sorry. I don't remember.

22 THE CLERK: Judge, just for clarification, this is a
23 stalking, no contact order.

24 THE COURT: Yes, it is.

1 THE CLERK: And I don't believe that language is on the
2 petition.

3 MR. ALLEN: I think that it is on the petition. I was
4 just reading it from the original petition.

5 THE COURT: And it is in the body of the petition.
6 There are incidents listing verbal abuse, physical abuse,
7 sexual harrasment, exploitation, stalking, threatening,
8 intimidation of a dependent, interference with personal
9 liberty, willful deprivation. I'm not sure if this was
10 filled out by you, Ms. Wlosik, or not. But that was the
11 allegations in the initial petition. But at this point we
12 are beyond that. What it is now is I am determining whether
13 or not there is good cause to extend this order from this
14 point on.

15 MR. ALLEN:

16 Q From the time that the initial order was entered
17 and within the time period that you reached the Chicago
18 Police Department, had you reached out and contacted
19 Mr. O'Connor?

20 A No.

21 Q Have you reached out or contacted him through a
22 third party at all?

23 A No.

24 Q Have you spoken about him with a third party, for

1 instance, a friend?

2 A Yes.

3 Q Have you ever spoken to him -- about Mr. O'Connor
4 with Joey Castro's girlfriend?

5 A I don't know who that is, so no.

6 Q On one incident in particular, there was only a
7 friend request on the weekend, correct?

8 A No. It was -- it was just a notification that
9 Michael O. was looking at your profile. There was no
10 request; but it happened when Facebook was going on, the
11 DePaul and the letters, and Michael O. I assumed it was
12 Michael O'Connor.

13 Q But you didn't know for sure if it was Michael
14 O'Connor?

15 A Correct. It didn't say O'Connor but --

16 Q Now, and finally, the letters you received, when
17 you received those letters, you were aware that they were
18 from the Cook County jail?

19 A Yes.

20 Q You were aware --

21 A They were sent from the jail.

22 Q What's that?

23 A They were under like unit -- I don't have the
24 letters in front of me. But --

1 Q And after seeing they were from the jail, you
2 opened the letters at that point?

3 A One of them was for my father and there was a
4 cross on the back, and my mom got the mail, and she opened
5 it up, and she said, you know, is this from someone from
6 church writing it? So she started reading it with my father
7 and, you know, that's when more letters started filtering
8 in.

9 Q Does your father work for Orland Park Police
10 Department?

11 A No.

12 MR. ALLEN: I have nothing further.

13 THE COURT: All right. And you rest on your motion to
14 extend the order of protection.

15 MS. WLOSIK: Yes, ma'am.

16 THE COURT: Counsel, do you wish to present any
17 evidence?

18 MR. ALLEN: No, your Honor.

19 THE COURT: At this point, based on what I've heard and
20 the letters that I have seen, I mean, this is a no contact
21 order of protection, Mr. O'Connor. That means no contact by
22 any means whatsoever, not in person, no phone calls, no
23 e-mails, text messages, cards, letters, no communication
24 over the Internet. Don't have anybody else trying to

1 contact her on your behalf. You stay away from any address
2 that is in this order. You cannot be on the property. You
3 can't be in the immediate area. And because you have
4 violated this order and sent at least four letters and tried
5 to reach out to her at school and reach out to her through
6 Facebook, I do find that there is a substantial cause to
7 extend this order, and this order is going to be extended
8 until August 20th of 2016.

9 So at this point for another two years you
10 have absolutely no contact by any means with Ms. Wlosik. Do
11 you understand that, sir?

12 MR. O'CONNOR: Yes, your Honor.

13 THE COURT: I'll return these. I don't know if you
14 want these back. You may want to hold onto them. Put them
15 away in a file. But -- so it's her school, place of
16 employment. You are not to go near her by any means
17 whatsoever, and you are not to contact her by any means
18 whatsoever. Do you understand that?

19 MR. O'CONNOR: Yes.

20 THE COURT: And again it will be in place until August
21 20, 2016.

22 Counsel, I'm signing that order now, the
23 extension on the order. Will you acknowledge receipt of the
24 order on behalf of your client?

1 MR. ALLEN: I will.

2 THE COURT: You will get a stamped copy in just a
3 moment.

4 MR. ALLEN: Your Honor, finally, I apologize. So the
5 basis of the extension, is it mostly the letters? You said
6 the letters.

7 THE COURT: The letters, the Facebook contact, and the
8 contact at school, but mostly the letters. I mean,
9 obviously they are signed by him. They reference Patrycja.
10 There are numerous letters. He was not supposed to have any
11 contact. That's the order. That's contact. I'm surprised
12 he was not charged, four times. He could have been charged
13 with four separate misdemeanors with regard to each one of
14 those, and then once we prove one of those up, now we go
15 into the felony room.

16 So at this point I can't admonish you enough,
17 Mr. O'Connor, no contact means no contact whatsoever; and
18 those letters obviously, I think that is very good cause to
19 extend this order, and the letters themselves. I didn't
20 read them out in the court. If you would like me to, I
21 will. They are very disturbing.

22 MR. ALLEN: Well, they are. My client didn't --

23 THE COURT: Exactly. So that is why this order is
24 necessary, counsel, to protect Ms. Wlosik. So the order is

1 in place for another two years.

2 MR. ALLEN: Thank you.

3 THE COURT: You could have a seat. You will get a
4 copy of the order as well.

5 (Which were all the proceedings had.)

15 PRESENT:

1 THE COURT: Mr. O'Connor, and good afternoon, counsel.

2 MR. ALLEN: Good afternoon, your Honor. Shay Allen,
3 S-h-a-y, on behalf of Mr. Michael O'Connor who stands to my
4 left in open court.

5 THE COURT: And at this point, there was a -- it looks
6 like there was a plenary order of protection entered into by
7 agreement back on July 9th of last year. It was until July
8 7th of this year, and then it has been extended to today,
9 and at this point I know the petitioner is here and she
10 would like to extend this order for a further period of
11 time, is that correct?

12 MS. WLOSIK: Yes.

13 THE COURT: And have you talked to your client about an
14 extension?

15 MR. ALLEN: I have, your Honor. He wishes to have the
16 hearing.

17 THE COURT: All right. And so and again I guess then
18 my question to you, Ms. Wlosik, prior to going forward with
19 the hearing, do you want time to bring an attorney in or do
20 you want to represent yourself? It's not a full blown
21 hearing. We've already had that. You have to present some
22 evidence as to why you need this extended.

23 MS. WLOSIK: I'll represent myself.

24 THE COURT: And then we can -- are you still waiting

1 for counsel?

2 (The matter was passed and recalled.)

3 THE CLERK: Recall Patrycja Wlosik and Michael
4 O'Connor.

5 THE COURT: And did you have anyone else, Ms. Wlosik,
6 that you are going to have testify or just yourself at this
7 point?

8 MS. WLOSIK: Just myself.

9 MR. ALLEN: I would ask the other person that is
10 standing here identify themselves as to what purpose she is
11 standing there.

12 MS. BOWS: My name is Christie Bows. I work at a
13 social service agency called Pillars. I'm an advocate.

14 THE COURT: Do you understand you have no legal
15 standing? You are not allowed to address the court. You
16 are simply here for support.

17 MS. BOWS: I understand. I'm simply here for support.

18 THE COURT: Do you have anyone else to testify?

19 MR. ALLEN: No.

20 THE COURT: Why don't we have everyone raise their
21 hands to be sworn.

22 (The parties were first duly sworn.)

23 THE COURT: And again this order was entered into
24 originally by agreement for a time period and it has been

1 extended. At this point the petitioner has made a motion
2 asking to continue the order of protection for some period
3 of time, and my first question, I guess, is, has there been
4 any violations of this order of protection since it was
5 entered?

6 MS. WLOSKI: Yes.

7 THE COURT: There have been contacts.

8 MS. WLOSIK: Yes, several. There was Facebook linked
9 in. He came looking at DePaul for me and contacted me
10 several times through letters.

11 THE COURT: When was the last time there was any
12 contact of any type?

13 MS. WLOSIK: There was a letter on our last court date
14 here, that was July 16th.

15 THE COURT: July 16th, you received a letter.

16 MS. WLOSIK: Yes.

17 THE COURT: From him. Do you have that letter here?

18 MS. WLOSIK: Yes.

19 THE COURT: Do you have other letters as well?

20 MS. WLOSIK: Yes.

21 THE COURT: How many letters have you received from
22 Mr. O'Connor while this order of protection was in place?

23 MS. WLOSIK: About maybe four.

24 THE COURT: Four letters, and, counsel, have you had a

1 chance to see those?

2 MR. ALLEN: I have.

3 THE COURT: Any objection to the court seeing them?

4 MR. ALLEN: No.

5 THE COURT: And those letters were from what dates?

6 MS. WLOSIK: May 21st, May 28th, May 26th, or May 8th,
7 and then July 16th.

8 THE COURT: And were any of those letters threatening
9 in any way?

10 MS. WLOSIK: Yes.

11 THE COURT: Threatening harm?

12 MS. WLOSIK: Threatening myself or my boyfriend.

13 THE COURT: All right. Can you bring those up, Jean?
14 And you say also that you became aware that Mr. O'Connor was
15 actually at the DePaul campus looking for you.

16 MS. WLOSIK: Yes.

17 THE COURT: When did that occur?

18 MS. WLOSIK: Beginning of May when I received the
19 messages from Facebook. I went to DePaul and I alert
20 security that this has been a problem in the past. I have
21 an order of protection and I just wanted them to have an
22 extra eye of what was going on, and they actually told me
23 that he came the day before and was looking for me.

24 THE COURT: Was that specifically asking to see you?

1 MS. WLOSIK: Yes.

2 THE COURT: Have you ever personally seen him around
3 the DePaul campus as far as you are aware?

4 MS. WLOSIK: No.

5 THE COURT: And they are signed, Michael O'Connor. And
6 again it appears that these letters were sent from
7 Mr. O'Connor from the jail and, counsel, are you contesting
8 that Mr. O'Connor sent any of these orders in violation of a
9 no contact order.

10 MR. ALLEN: Your Honor, my basis of contest for those
11 is that in a letter coming from the Cook County jail in an
12 area where he is supposed to be under constant restriction
13 and contact or monitoring, I don't understand how
14 Mr. O'Connor could be held liable for sending something in
15 which, from the Cook County jail, in which he is not
16 supposed to be able to do. Cook County Jail is aware of this
17 order of protection. Cook County Jail is aware of
18 Mr. O'Connor's mental health issues. Cook County Jail is
19 aware of who is listed on the order of protection. Why
20 would Cook County Jail allow Mr. O'Connor --

21 THE COURT: That's a separate issue. That's a separate
22 issue. And, Ms. Wlosik, have you ever seen Mr. O'Connor's
23 writing before?

24 MS. WLOSIK: Yes.

1 THE COURT: Did you recognize this to be his writing
2 and his drawings?

3 MS. WLOSIK: The drawings -- it's all a pattern of this
4 from two years ago, so I recognized it right away.

5 THE COURT: And this is alarming to you obviously.

6 MS. WLOSIK: Yes.

7 THE COURT: And counsel, do you want to have your
8 client testify or do you just want to argue? This right
9 here gives me good cause, in my opinion, to extend this
10 order to again for the maximum time of two years.

11 MR. ALLEN: I would like an opportunity to question the
12 young lady about that.

13 THE COURT: Sure.

14 PATRYCJA WLOSIK,
15 called as a witness herein, having been first duly sworn,
16 was examined and testified as follows:

17 DIRECT EXAMINATION

18 MR. ALLEN:

19 Q So you said Mr. O'Connor has come to DePaul
20 looking for you, is that correct?

21 A Yes.

22 Q Do you know what dates that was?

23 A Beginning of May.

24 Q Do you have an exact date?

1 A No.

2 Q Has it been more than once?

3 A No, just once.

4 Q One time. And that one time he allegedly came to
5 DePaul looking for you, were you on DePaul campus?

6 A Yes.

7 Q And do you remember being on DePaul campus?

8 A Yes.

9 Q Do you remember what time you found out that he
10 allegedly came looking for you?

11 A It was about 10 o'clock.

12 Q In the morning?

13 A Yes.

14 Q And you were told this through someone else?

15 A Yes, through the DePaul security.

16 Q Do you know the name of that security?

17 A No.

18 Q Do you know how many were there, one officers,
19 several or --

20 A There were two.

21 Q Two different security officers, right. And did
22 they seek you out?

23 A No. I came and made them aware of this situation
24 and they told me that he was there the day before.

1 Q So it just so happened the day -- you came one day
2 and he had just been there the day before. But you never
3 literally saw him, is that right?

4 A Correct.

5 Q And the order of protection had been in place for
6 nearly two years before that, correct?

7 A Correct.

8 Q And in those two years you had not seen him,
9 correct?

10 A Correct.

11 Q He had not called you or telephoned you?

12 A Correct.

13 Q You had not gotten any text messages from him,
14 correct?

15 A No.

16 Q And I'm not going to ask you what your number is.
17 But since the original incident of 2012, is your phone
18 number different?

19 A Yes, correct.

20 Q Now in regards to Facebook postings, are you his
21 friend on Facebook?

22 A He requested me, but I denied it.

23 Q So if you don't accept someone on Facebook, can
24 you see what they write?

1 A It was filtered into my other messages. When I
2 was checking my messages one day, I saw, other, and there
3 was a 1, in parenthesis. I saw the name Mike Jones and that
4 is how it started, and I know I don't know a Mike Jones.

5 Q So if you see someone you don't know, then you
6 look at the message?

7 A Well, I wanted to see who it was.

8 Q And after seeing one message you say of Mike
9 Jones, after that first message you saw, did that first
10 message indicate it was from Michael O'Connor?

11 A The first one didn't. It said I know of a friend.
12 He really wants to talk with you, and, you know, that was
13 just really weird for me, and I got scared, and I took
14 action to try to ignore it. But then the second one said
15 his full name and that's when I made the report.

16 Q Now with regard to the report, do you mean a
17 report to the police?

18 A Yes.

19 Q And that report was made to the Chicago Police
20 Department?

21 A Yes.

22 Q Is there any reason why the report was made to the
23 Chicago Police Department and not the Orland Park Police
24 Department?

1 A I was looking at some messages from school and it
2 happened in Chicago as well, so I just asked there, and to
3 quickly take initiative right away, and I wanted this to be
4 taken care of because I still had my order of protection and
5 I was scared to go to school.

6 Q Your allegation -- your actual petition alleged
7 that there was physical abuse. Has there ever been any
8 physical abuse?

9 A No.

10 Q It alleges that there has been an interference
11 with, excuse me, physical liberty. How does, for instance,
12 the messages on Facebook interfere with your physical
13 liberty?

14 A I'm sorry. What does physical liberty mean?

15 Q I don't know. It's on your petition. That is
16 what I'm asking you, who put that there. Interference with
17 physical liberty. Do you know what that means?

18 A No.

19 Q Did you fill out the original petition or the
20 original order of protection?

21 A I'm sorry. I don't remember.

22 THE CLERK: Judge, just for clarification, this is a
23 stalking, no contact order.

24 THE COURT: Yes, it is.

1 THE CLERK: And I don't believe that language is on the
2 petition.

3 MR. ALLEN: I think that it is on the petition. I was
4 just reading it from the original petition.

5 THE COURT: And it is in the body of the petition.
6 There are incidents listing verbal abuse, physical abuse,
7 sexual harrasment, exploitation, stalking, threatening,
8 intimidation of a dependent, interference with personal
9 liberty, willful deprivation. I'm not sure if this was
10 filled out by you, Ms. Wlosik, or not. But that was the
11 allegations in the initial petition. But at this point we
12 are beyond that. What it is now is I am determining whether
13 or not there is good cause to extend this order from this
14 point on.

15 MR. ALLEN:

16 Q From the time that the initial order was entered
17 and within the time period that you reached the Chicago
18 Police Department, had you reached out and contacted
19 Mr. O'Connor?

20 A No.

21 Q Have you reached out or contacted him through a
22 third party at all?

23 A No.

24 Q Have you spoken about him with a third party, for

1 instance, a friend?

2 A Yes.

3 Q Have you ever spoken to him -- about Mr. O'Connor
4 with Joey Castro's girlfriend?

5 A I don't know who that is, so no.

6 Q On one incident in particular, there was only a
7 friend request on the weekend, correct?

8 A No. It was -- it was just a notification that
9 Michael O. was looking at your profile. There was no
10 request; but it happened when Facebook was going on, the
11 DePaul and the letters, and Michael O. I assumed it was
12 Michael O'Connor.

13 Q But you didn't know for sure if it was Michael
14 O'Connor?

15 A Correct. It didn't say O'Connor but --

16 Q Now, and finally, the letters you received, when
17 you received those letters, you were aware that they were
18 from the Cook County jail?

19 A Yes.

20 Q You were aware --

21 A They were sent from the jail.

22 Q What's that?

23 A They were under like unit -- I don't have the
24 letters in front of me. But --

1 Q And after seeing they were from the jail, you
2 opened the letters at that point?

3 A One of them was for my father and there was a
4 cross on the back, and my mom got the mail, and she opened
5 it up, and she said, you know, is this from someone from
6 church writing it? So she started reading it with my father
7 and, you know, that's when more letters started filtering
8 in.

9 Q Does your father work for Orland Park Police
10 Department?

11 A No.

12 MR. ALLEN: I have nothing further.

13 THE COURT: All right. And you rest on your motion to
14 extend the order of protection.

15 MS. WLOSIK: Yes, ma'am.

16 THE COURT: Counsel, do you wish to present any
17 evidence?

18 MR. ALLEN: No, your Honor.

19 THE COURT: At this point, based on what I've heard and
20 the letters that I have seen, I mean, this is a no contact
21 order of protection, Mr. O'Connor. That means no contact by
22 any means whatsoever, not in person, no phone calls, no
23 e-mails, text messages, cards, letters, no communication
24 over the Internet. Don't have anybody else trying to

1 contact her on your behalf. You stay away from any address
2 that is in this order. You cannot be on the property. You
3 can't be in the immediate area. And because you have
4 violated this order and sent at least four letters and tried
5 to reach out to her at school and reach out to her through
6 Facebook, I do find that there is a substantial cause to
7 extend this order, and this order is going to be extended
8 until August 20th of 2016.

9 So at this point for another two years you
10 have absolutely no contact by any means with Ms. Wlosik. Do
11 you understand that, sir?

12 MR. O'CONNOR: Yes, your Honor.

13 THE COURT: I'll return these. I don't know if you
14 want these back. You may want to hold onto them. Put them
15 away in a file. But -- so it's her school, place of
16 employment. You are not to go near her by any means
17 whatsoever, and you are not to contact her by any means
18 whatsoever. Do you understand that?

19 MR. O'CONNOR: Yes.

20 THE COURT: And again it will be in place until August
21 20, 2016.

22 Counsel, I'm signing that order now, the
23 extension on the order. Will you acknowledge receipt of the
24 order on behalf of your client?

1 MR. ALLEN: I will.

2 THE COURT: You will get a stamped copy in just a
3 moment.

4 MR. ALLEN: Your Honor, finally, I apologize. So the
5 basis of the extension, is it mostly the letters? You said
6 the letters.

7 THE COURT: The letters, the Facebook contact, and the
8 contact at school, but mostly the letters. I mean,
9 obviously they are signed by him. They reference Patrycja.
10 There are numerous letters. He was not supposed to have any
11 contact. That's the order. That's contact. I'm surprised
12 he was not charged, four times. He could have been charged
13 with four separate misdemeanors with regard to each one of
14 those, and then once we prove one of those up, now we go
15 into the felony room.

16 So at this point I can't admonish you enough,
17 Mr. O'Connor, no contact means no contact whatsoever; and
18 those letters obviously, I think that is very good cause to
19 extend this order, and the letters themselves. I didn't
20 read them out in the court. If you would like me to, I
21 will. They are very disturbing.

22 MR. ALLEN: Well, they are. My client didn't --

23 THE COURT: Exactly. So that is why this order is
24 necessary, counsel, to protect Ms. Wlosik. So the order is

1 in place for another two years.

2 MR. ALLEN: Thank you.

3 THE COURT: You could have a seat. You will get a
4 copy of the order as well.

Re: People v. Michael W. O'Connor
Cook County No. 12 CR 12678
Appellate Court No. 1-15-0524

Dear Mr. Goldberg,

Thank you for your letter dated April 23, 2015.

My son and ward, Michael W. O'Connor, appealed his guilty plea of February 13, 2013, which he entered in Judge Hynes' Court, due to extreme circumstances (i.e. torture and deliberate lack of treatment for his mental disabilities), since the beginning of February, 2013. Michael appealed, also, due to the inefficient legal advise of his legal defense counsel, in the form of Motions addressed to Judge Hynes, to the Presiding Judge of Bridgeview Court, to Judge Timothy Evans, and to the Appellate Court, since the beginning of March, 2013 – see attached documents.

In your letter, you mention "a number of petitions for violation of probation", without specifying what petitions for what violations. It seems to me that you have been misinformed. My son has been framed to violate his probation twice:

Even though he failed to provide my son with efficient legal defense, my son's legal defense lawyer himself mentioned, several times, that Judge Hynes refused to order and to support my son's much needed rehabilitation services, resorting, instead, to send him to Lake Villa, for a couple of weeks, and to consider him ready to be sent home, after April, 2013. Thus, my son was purposefully set up for "a life sentence". He was extremely injured in CCDOC Maximum Security jail, and, upon his release for Probation, he acquired, due to brutal assault that left him almost dead, PTSD and TBI. He was not able to cope with these new diagnoses, and he smoked marijuana ONCE. His addiction, which was due to his Bipolar disability, was now considerably aggravated by his new PTSD and TBI untreated symptoms. Unlike Judge Hynes, who, even after five CCDOC psychiatrists diagnosed Michael with Bipolar disorder, still stated, in his open Court, "He is just fooling all of us", Honorable Judge Amy St. Ives stated, in an FMLA case we won two days before Michael was arrested, in June 2012, that Michael "is primarily Bipolar", even if he is an addict. Because he tested positive for marijuana ONCE, Judge Hynes sent him to jail, for an indefinite amount of time. With the help of neighbors, parents from St. Barnabas parish, who know, disagree with, and are very afraid of Judge Hynes, I bonded my son out, for \$15,000, but

8/15/2014

To the Attention of the Appellate Court

I, Valentina L. O'Connor, mother, next of kin and Plenary Guardian of Michael W. O'Connor, who is detained in Cook County Department of Corrections (I.D. #: 20140509336), respectfully bring to your attention the following reasons for appealing

Mr. J. Dillon's decision to indict my son:

1. The state failed to produce a probable cause, beyond a reasonable doubt, that Michael met the "Cyber-Stalking" definition, i.e., Michael never posed any threat, nor made any threat, nor has he ever been violent, nor has he ever harmed anyone, nor has the state ever, since the inception of this color of crime case, examined Michael's achievements, social status, and prospects to develop within society. Michael has been an excellent student, son, and member of the community at the St. Barnabas school and in our St. Barnabas Parish, at Mount Carmel High School, where Michael started his career in being a published writer, at DePaul University, where Michael was a senior student, one year away from graduating with a B.A. in Communications.
2. These charges are concurrent, which is against the "one act, one crime" rule.
3. The "victim" never pressed charges, but other individuals who demonstrated a constant desire to personally destroy Michael, pressed these charges.
4. The No Contact Order that, assumingly, Michael violated, is a Civil Order, and Michael should not be charged with criminal charges in connection with this order.
5. The "victim" demonstrates the unconstitutionality of the charges against Michael by her own statements, in text messages and in different postings on social media: "Michael did not do anything to me, I just wanted to see his ass rot in jail", or "Say my name, call

me right now, I miss you, I love you so much, it's not me, but someone else who snooped through my things, who turned you into the police", etc.

6. The legal defense was adverse to Michael's defense, since it allied with the prosecutor (they are friends, I was told by other lawyers), instigated, conspire^d, and supported damaging slandering and unconstitutional actions against Michael at DePaul University, after he obtained Michael's signature to access Michael's school records, which, he said, it was only to show the Judge that Michael is in very good standing, has excellent grades, etc. This resulted in Michael being re-arrested on October 18, 2012, two days before he was going to unveil the "victim's" plagiarism from Michael's papers.

The second defense attorney, after having been paid by me a handsome retaining fee (all my remaining pension savings), has been given Michael's Bond money, without my knowledge, and he never showed up again to defend Michael, after the only two Court appearances he made initially.

7. The "victim" used to entrap Michael, by the Orland Park Police, before and after Michael and I filed a Complaint in the Federal Court against the Orland Park police who violated Michael's constitutional rights by arresting him without a warrant; by taping his private conversations without a warrant for a month; by refusing to allow Michael to have a lawyer (who was waiting to assist Michael); by using excessive force against Michael; and refusing to medicate Michael with his needed medications for his Bipolar Psychosis, ADHD, and hypothyroidism; by coercing Michael into a confession that they wrote, and had Michael sign it; by telling Michael that there will be no charges, that they will allow him to catch the train to make his class at DePaul; and by reading the Miranda Rights to Michael only after they had him sign the confession that they wrote.

The Orland Park police also framed Michael in connection with the CCDOC to be almost fatally beaten by a gang member, in Division 10 for the Criminally Insane, where they placed Michael, with the state's conspiracy and revenge (because I called the DA office to tell the prosecutor that Michael is mentally ill,"She got mad", said the sheriff who told Michael that he will go not into the general population, but to the Maximum Security Division 10), the Orland Park police and the state, conspiring to throw Michael in prison "for a long time", re-arrested Michael while he was in Division 10, and had Michael's cellmate be informed that the reason why Michael was taken out for 24 hours, was to "rat" on him, after which this inmate almost killed Michael in a brutal assault.

The assault was also due to Michael's excessive bail and unusual punishment: Michael's bond was "No Bond" or \$1,350,000, while "killers" in Maximum Security had a bond of approximately \$100,000. They did not believe Michael when he told them of what he was accused, and they treated Michael as a sex offender(V.S.P.).

8. Michael was not medicated for a total of more than thirty two days, until he reached the symptomatic stage of his mental illness, and the Orland Park police, together with the prosecutor and a biased judge (who refused to even look at the discoveries that would have proved Michael's charges unconstitutional, and who accepted the "fruit of the poisoned tree" evidence of the State) conspired to have Michael re-arrested four consecutive times, including when Michael was on bond and did not commit any trespass against his probation for concurrent sentences.

9. Michael was pushed into a wrongful conviction by his lack of treatment for his mental illness, and by having been assaulted repeatedly, and he did follow the wrong legal advise of a legal defense who worked against him, yet took all my money.

4

10. Michael has been detained in harsh conditions for over 265 days, without being allowed to have a trial.
11. Michael has been constantly oppressed, tortured, violated in his constitutional rights, e.g., his right to a speedy trial, his right to be left alone and not intruded upon; spied upon in his private conversations; his right to have a probable cause beyond a reasonable doubt (it was the "victim"s father who, with impunity, dictated the tone of Michael's abuse by the state actors in this color of crime case: he stated, "If he (Michael) is crazy, he might do something to my daughter", and the "victim's" mother stated, "Michael might bring a gun to school",etc.
12. Michael has been excessively and cruelly punished for exerting his Freedom of Speech, i.e., Michael wrote Love poems to the "victim" and used metaphorical language, containing no threatening statements, like the malicious and revengeful prosecution stated, by taking words out of their context within the paragraphs, or by, maliciously and incorrectly, interpreting that, at the end of a paragraph in which Michael describes his disappointment with the "victim's" manipulations and bullying of Michael, he states, "F... You", which is interpreted by the prosecution as " this can be construed as a specific threat of sexual assault"; and declaring Michael, despite his expert witness testimony that Michael has not been and he is not a danger to society, still the malicious prosecutor, mocking the expert witness and Michael's disabilities (his well-documented Bipolarity and ADHD) stated, "Judge, he is a danger to society and he should be locked up" in Maximum Security jail with No Bond.
13. As of 8/17/2014, Michael is still in Maximum Security, Solitary Confinement (which is cruel and unusual, as per the Supreme Court Justices, especially in someone like

Michael's case, who suffers from Bi-Polar disease and from extreme depression, anxiety, is suicidal, has numerous injuries caused by his repeated assaults by the state actors; used by the "victim's" father for his own interest; and against whom the state used excessive force, assaults, death threats, and coercion, to push him into a wrongful conviction); put him in CCDOC, Division 10, with No Bond and extremely hurt (see attached discoveries), with broken bones, PTSD, TBI, head concussions, suicidal ideation, extreme anxiety (due to the assault he suffered in the Bond Court, on May, 9th, 2014, when, unmedicated for a week, after his sixth arrest, despite the fact that I insisted on handing all Michael's medication to the police, and explained to them that Michael absolutely needs them, to avoid him being hurt. The police who arrested Michael on 5/05/2014 did not medicate and then mis-medicated Michael the night before court also). Michael that morning stated in court, "No, no, no!" to the three more criminal charges that the prosecutor was reading against him. In the presence of the Bond Court Judge and in front of the people in the Court, then, Michael was knocked on his head, trampled down, knocked in his face (which resulted in breaking his nose and distorting his facial features), then dragged by the Judge's chambers, in the hallway, and, while handcuffed with his hands in the back. Four sheriffs kicked him in the face, head, body, until they left him twice unconscious, in blunt trauma, not breathing, with dislocated vertebrae, head concussions, broken teeth, maxillary, knee, bleeding from his face, head, and nose. When he stopped breathing an ambulance was called and he was brought to Mount Sinai Hospital. The same sheriffs continue to make death threats to Michael and to press more charges on him, by entrapping him, charging him with three more criminal charges - seven up to this date - and pretending that Michael hurt them.

I, Elizabeth Ciszewski, an official court reporter for the Circuit Court of Cook County, County Department, Criminal/Municipal Division, Illinois, do hereby certify that I reported in shorthand the evidence had in the above-entitled cause and that the foregoing is a true and correct transcript to the best of my ability of all the proceedings had.

Official Court Reporter,
No. 084-002587

Dated this 24th day of Feb, 2014 AD.

1 THE CLERK: Michael O'Connor, probation.

2 THE COURT: All right. This is Michael O'Connor.
3 Counsel.

4 MR. ALLEN: Yes, your Honor. My name is Shay Allen,
5 S-h-a-y, on behalf of Mr. Michael O'Connor.

6 THE COURT: All right. First piece of business here is
7 it looks like the defendant's mother tried to file a notice
8 of appeal on any bond issue here and she also filed -- is
9 this from her too today?

10 MR. ALLEN: I became aware of it afterwards, your
11 Honor.

12 THE COURT: All right. You are not adopting this, are
13 you?

14 MR. ALLEN: Your Honor, I am not adopting the motion.
15 I explained to Ms. O'Connor that --

16 THE COURT: All right. The motion filed by Valenti
17 O'Connor is stricken. The notice of appeal filed by Valenti
18 O'Connor is stricken, and Ms. O'Connor is here, and I'm
19 going to admonish you right now, you file any other motions
20 in this case -- your attorney is the attorney of record.
21 You file any other motions in this case, you are in direct
22 criminal contempt of court, and you will be looking at jail
23 time. Do you understand that?

24 MS. O'CONNOR: Sir --

1 THE COURT: Do you understand that?

2 MS. O'CONNOR: I do understand.

3 THE COURT: That's it.

4 MS. O'CONNOR: I have the right to file a motion.

5 THE COURT: You do not have the right to file a motion
6 and you are going to be held in contempt right now.

7 (Discussion had between Ms. O'Connor and counsel
8 off the record.)

9 THE COURT: All right. What is the status of the other
10 cases and this case, State?

11 MS. GALVIN: Judge, as of now, the other cases have
12 been elected. With respect to that matter, the defense
13 attorney has had the defendant BCXed for several reasons
14 including fitness to stand trial, sanity. I have confirmed
15 with Mr. Allen as well as the TASC representative that they
16 were contacted by forensic clinical services who wanted
17 additional information in order to finish that report on
18 those matters. Apparently, there was a return on the
19 fitness to stand trial, however, based on the judge, Judge
20 Higgins, she wanted a second evaluation or a re-evaluation
21 done, so they are waiting for that to come back. The next
22 court date is 10/21. In addition, counsel has hired a
23 private psychiatrist to have the defendant evaluated for
24 those same reasons.

1 MR. ALLEN: That's correct, your Honor.

2 THE COURT: All right. Do we have any idea of the time
3 table on all of that?

4 MR. ALLEN: Everything should be done very soon, your
5 Honor. Both processes are well under way, so I'm just
6 asking for November 7th.

7 THE COURT: I can't do it then. We are looking at
8 December 5th, 12th, something like that.

9 MR. ALLEN: If that's the earliest, your Honor,
10 December 5th.

11 THE COURT: All right. By agreement, December 5th.

ASSESSMENT:

1. Bipolar disorder, depressed, status post blunt trauma. He was beaten up to head and abdomen. Nondisplaced nasal bone fracture as a result of blunt trauma.
2. Hypertension, per patient.
3. Hypothyroidism, per patient.

RECOMMENDATIONS:

The patient still expresses suicidal ideations. Would benefit from continuation of 1:1 sitter. The patient currently takes Zyprexa 5 mg in the morning and 10 mg at bedtime. The patient complains of feeling extremely sleepy after taking Zyprexa in the morning, so we will recommend to change the Zyprexa to 15 mg at p.m. He also was started on Depakote 125 mg twice a day. It is a very small dose. Recommended to increase the dose to 500 mg twice a day. The patient has no liver function tests.

* Recommended to obtain liver function tests and also TSH as patient reports that he has history of hypothyroidism. Monitor condition. Psych will follow up tomorrow. Discussed with trauma resident on call.

IF I could have one
dream come true, I'd want to
spend the rest of my life with
you.

IF I could have only one voice
to hear, one smile to see, one
hand to hold... I'd want yours.

In a world with people, there's
a comfort only your caring for me
can provide, a quiet calm at the
center of the universe only you can
give. There's a deep abiding happiness

my heart ~~with~~ never ~~to~~ knew till
I found you. If I could make a
difference in one life, I'd want
it to be yours.

(the most beautiful name and girl to me),

In the past few months I have seen a bright future for each of us, surreal (REAL) visions (sightings) of you coming to the past to inform me you do indeed love me, touching my arm like in our dream, and that we do indeed have a bright future together. Instances like these are infrequent and quite rare. Although you admitted we somewhat share a bright future as lovers. Whether or not we were dating or married remains a mystery to me; all I know is that we are both married (not sure if it is to each other.)

Regardless of our fates, and the grim look of my fate at the moment, (surrounded by killers and thieves), I do in all reality believe in a bright future for us both as we are the brightest of our generation, (of this I am sure). [that fact is why I chose you]. Also, ~~in~~ in regards to the grim outlook regarding my fate at the moment (my third felony), I do pray that this letter reaches your heart and ~~and~~ according to one of my fortune cookies last year or so; "a positive, swift, and/or upright action in time can 'counteract' fate..." Through this letter I likewise aim to counteract my grim fate through honor, love, and my word as a man, Patricia.

As previously noted I acknowledge a bright future for both of us, I can assure you ^{would} never hurt you or anybody I care about, I can put this on
